Last week I was working on my fire wood in an area I don't usually work in. Later that night I found a tick trying to take up residence in a part of my body I wouldn't try to explain here. Lime disease is the most common insect born disease in the US. Over 150,000 cases reported. Deer ticks carry the disease and will host on deer, mice, your dog and YOU, if you are not careful. An infected tick needs to be attached to you for 24-36 hours to transmit the disease to you so examine yourself at least once every day, especially after working outside or laying underneath some old truck or farm tractor.

and a list of area Cruise Nights

President Page

Hello to all. Sorry that I was not able to make the May meeting. I heard that the rest of the officers did a great job without me. That weekend was a busy one with the first season drive away to the Oswego fort and a big auction in Lakeland with lots of old trucks and equipment. Luckily I was able to purchase two trucks there, a 1949 & 1968 Dodge Power Wagon at Luber Homes auction while I was 800 miles away. I'm hoping to bring at least one of them to our show.

Speaking of shows, three shows are past us now. I hope everyone got out to see at least one of them in your area. Tom has more shows posted on the calendar of events. Don't let the rainy spring keep you in, get out and enjoy one.

*Our show is coming up quick July 9th. The ads for the program are coming in slow but steady. They must me in to me or Marilyn by the **Friday June 9th**. We could use more. The program helps to offset the cost of the show. Please help. If you can't get ads maybe you can help by donating door prizes.*

This is our 20th show and I would like very much to bring in 200 trucks. So far I have only 40 preregistered. Please send in your registration form so we can keep congestion down at the gate. Doesn't matter if it's all decked out or a new project, we love to see them all. I like the ones with the work scares; they have a story to tell. Remember chapter members don't pay to register.

June's meeting will be held at Sally & Terry Salisbury place in Weedsport on Thursday the 15th. Please bring a dish to pass and your comfortable chairs. We will be eating at 6pm and meeting at 7. I'll buy everyone a hot dog or hamburger. This is the last meeting before the show.

We would like to give a get well to Berry Mugalin.

Remember there's nothing more great then the feeling of seeing your kids grow up and graduate. It shows that you did a good job of raising them and that, Dam you're getting old!!! That's all I have for now, hope to see lots of you on the 15th of June,

Be safe

CNY President

Scott C. Smith

Chapter Member Anniversary for June

19 years: John Card, Walt Fuller, Ted Palmer, John Spinella

18 years: Stanley & Myrtis King, James Knight

12 years: Gery Pederson - 10 years: David Bailer - 8 years: Jared Walch

The truck shown above was part of Penske racing's fleet in the early 1970's and called "The Blue Hilton". The '72 IH fleetstar was discovered by a long time Penske employee in a field in Illinois and restored as an 80th birthday gift to Roger Penske. The truck was used as a transporter for racing cars and sleeping quarters at the track. During this time, I was the manager of the IH factory store in Reading, Pa. and met Mr. Penske on several occasions. Penske had just taken over a local truck leasing company in Reading and many of the Internationals purchased came through my store. As Penske expanded his leasing business throughout the North east and eventually bought out Hertz truck rental and went nationwide, there was great pressure put on him to get out of the race car driver seat and just run the leasing business. Shown below is a pic of the truck as discovered in the woods.
